

UTU PAC: An Investment in Your Future

UTU members, active and retired, need and deserve good government and sympathetic legislators. That's because, compared with other employees, the jobs, pensions and futures of transportation workers are more directly affected by the actions of state and national lawmakers.

We in the UTU must work for, and financially help, those people who we feel are capable, knowledgeable and who recognize the problems that affect railroad, bus, transit and related workers.

The best way to help elect representatives that understand the concerns of UTU members is by contributing to your union's political action committee, the **United Transportation Union Political Action Committee (UTU PAC)**.

The best way to have a voice, a say, in matters that affect your finances and your family, is by contributing to UTU PAC.

You joined your fellow workers for the fraternal benefits of UTU membership, so why not join them to help elect compassionate state and national lawmakers?

Remember, a contribution to UTU PAC is really an investment in your future, and the future well-being of your family.

Contribute, so your voice will be heard!
